Press Release

Afcons awarded landmark Breakwater Project for Vadhvan Port

Mumbai – Afcons Infrastructure Ltd is pleased to announce that it has received the Letter of Award today from the Vadhvan Port Project Limited (VPPL) for the construction of a 10.14 km-long breakwater at the upcoming Vadhvan Port in Maharashtra. The project award value is Rs 5301 crores. This, when completed, will be the second longest breakwater in the world.

Mr Krishnamurthy Subramanian, Executive Chairman, Afcons Infrastructure Ltd, said, "This award is a testament to Afcons' proven expertise in delivering complex and large-scale marine infrastructure projects. The Vadhvan breakwater project will be a strategic enabler for India's ambition to become a global maritime hub."

Mr S Paramasivan, Managing Director, Afcons Infrastructure Ltd, said, "It is a moment of immense pride for us to secure one of the world's landmark marine projects. This project showcases India's growing expertise in executing complex infrastructure on a global scale. We are confident that the successful completion of this project will further strengthen our Prime Minister's vision of Viksit Bharat."

In India, Afcons has delivered several landmark marine projects. Internationally, Afcons has executed several complex marine projects, including the Bulk Jetty at Port of Sohar, Oman, one of the world's deepest ports; the New Owendo International Port in Gabon, completed in a record time of 18 months and recognized as the fastest completed port project in West Africa; and the Sulphur Jetty in Kuwait, a comprehensive EPC berth facility with trestles, equipment, and structural works.

It is noteworthy that Afcons Infrastructure Ltd has been recognized by Engineering News-Record (ENR), USA, as the 8th largest marine and port facilities contractor globally.
